 - ☐ D. The claims of this amendment paper have not been presented in ascending numerical order.
 - ☒ E. Other: see the attached.

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714 and the USPTO website at <http://www.uspto.gov/web/offices/pac/dapp/opla/preognotice/officeflyer.pdf>.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Art Unit: 1756

Attachment: Notice of NON-COMPLIANT AMENDMENT (37 CFR 1.121)

Only the corrected sections of the non-compliant amendment document must be resubmitted (in its entirety). In this case, the entire "Amendment to the specification" section, the Abstract, and the "Amendment to the claims" section of applicants' amendment document filed on Aug. 31, 2006, must be resubmitted. 37 CFR 1.121(h).

Item 1C: The "Amendment to the specification" section filed on Aug. 31, 2006, does not comply with 37 CFR 1.121 because the amended paragraph beginning at page 12, line 1, of the specification, tries to amend a paragraph that does not exist. The amended paragraph deletes words that were not present in the previous filed paragraph and tries to add words that are already present in the previous filed paragraph. The amended paragraph at line 5, deletes the word "Tedlar." However, the previously filed paragraph uses the word "TEDLAR". The amended paragraph at line 6, adds the word -- TEDLAR --. However, as discussed above that word was already present in the previous filed paragraph.

The amended paragraph beginning at page 12, line 1, also merely deletes words and add phrases without using the proper markings to indicate deleted text and to indicated added text. For example, the amended paragraph at line 10, of the amended

Art Unit: 1756

paragraph, adds the term -- CALGON -- without using the proper markings to indicate its addition, and deletes the word "Calgon" without using the proper markings to indicate its deletion.

Applicants have improperly amended the paragraph.

37 CFR 1.121(b)(1)(ii) states that "[t]he full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters . . ." (emphasis added).

Item 4E: The "Amendment to the claims" section filed on Aug. 31, 2006, does not comply with 37 CFR 1.121 because it is not on a separate sheet. The first page of the "Amendment to the claims" section contains the replacement abstract and also a portion of the last amended paragraph in the "Amendment to the specification" section.

37 CFR 1.121(c)(1) states that "[t]he claim listing shall commence on a separate sheet of the amendment document and the sheet(s) that contain the text of any part of the claims shall not contain any other part of the amendment" (emphasis added).
